2017 ASET-CEUs Information Packet & Application

Education programs are **eligible** for ASET Continuing Education Units provided that:

- The content is relevant to the field of neurodiagnostics;
- The program is presented in an organized learning format and includes a printed schedule with dates, times, speaker and their credentials; Faculty or product authors must have the appropriate professional credential for the topic being presented;
- The objectives of the program are stated and adhered to;
- The sponsoring organization assumes responsibility for the program, including capable direction, qualified instruction, and documented attendance;
- The program is evaluated by the participants and organizers;
- The event hasn’t taken place yet.

Programs which are **not eligible** for ASET-CEUs include:

- Equipment in service and training sessions;
- Mandatory and/or standard employee training for on-boarding purposes. This includes employer provided didactic course work and vocational training at the onset of employment for the primary purpose of preparing employees to perform one's duties.
- Classroom activities such as required reading, notes, flashcards, quizzes, or non-neurodiagnostic related training such as HIPAA, CPR, or facility tours, etc.
- Events that have already taken place. ASET does not award ASET-CEUs retro-actively and the applications will not even be considered;
- Incomplete applications and those received without payment of the appropriate fee will be returned to the sponsoring organization.

**Steps to Award ASET-CEUs**

**30 days before the event:** mail ASET payment and forms 1 and 2 (program's title, sponsor and credit card information) and form 3 (schedule of the event).

1) ASET will send you notification of the number of credits along with ASET-CEUs Rosters and evaluation forms via email.

2) **After** the education event, the program director will make sure all ASET-CEUs Rosters and evaluation forms are complete and will return them to the ASET Office. Applicants whose names are illegible or whose information is incomplete will NOT receive ASET-CEUs.

3) ASET imports the records of all participants entered on the ASET-CEUs Roster and Excel spreadsheet after verifying the data with the sign-in sheet into the ASET-CEUs database for education credits if the data is complete, including complete mailing addresses for each participant.

**Forms 1 & 2 - Prepare the appropriate payment as outlined in the ASET-CEUs Fee Schedule**

The fee charged for the awarding and recording of education credits is based on the sponsorship of the program. A check [made payable to ASET] for the appropriate amount **must** accompany the request for ASET-CEUs. Credit card payment is available on the form. Applications without fee payment will not be considered.

**Form 3 - Complete the Program Time Schedule**

Please provide all of the information requested on the form. This form will provide an outline of your program to assist in determining the number of ASET-CEUs that ASET will assign. A copy of your printed schedule can be substituted if **all** of the requested information is included. All breaks and lunch periods must be stated as well.

**Mail the completed forms and ASET-CEUs fee to:** Olivia Cottingham, ASET, Registration and CEU Manager, 402 East Bannister Road, Suite A, Kansas City, MO 64131-3019. Phone: 816.931.1120, Fax: 816.931.1145, Email: Olivia@aset.org
ASET-CeUs Request Form

Recorded Webinar - Requires submission of a post test and yearly renewal fee - see Appendix B: $100.00
APPENDIX A

ASET-CEUs Application for on-line courses

This form is to be used only when applying for ASET-CEUs for an on-line course, to provide information that will help us determine the number of ASET-CEUs to be awarded. It may take up to two months to complete the assessment process for on-line courses and award the appropriate number of ASET-CEUs. All online courses must be re-evaluated after 5 years for course material validity. A fee of $50.00 will apply.

A $50 late fee will be assessed if the ASET-CEUs application is received less than 2 months from the start of the online education program.

Items required:

- Syllabus, lesson plan, or course outline which lists course content
- Copy of all assessment tools used within the course: quizzes, exams, assignments, etc.
- Reading list if outside articles are part of the course
- Evidence of a student evaluation tool – a copy of a form provided to students to provide feedback upon completion of the course.
- 2 letters, one from each of two individuals, in the END field, who have taken the course, as reviewers/pilot users, to document the number of hours it took for each of them to read all of the course material, complete all assignments and take all exams. The applicant should select reviewers with a background similar to the target audience for the course. The letters must include the qualifications and work experience of the individuals, and documentation that they were able to pass all exams imbedded in the course. These reviewers will automatically be awarded the designated number of ASET-CEUs awarded. ASET reserves the right to appoint an independent reviewer to provide additional assessment and will request that the course author allow the reviewer access to the course, should this situation arise.

Name of the course: ________________________________________________________________

List all course authors and their credentials: ___________________________________________
